Kim Russo is an accomplished, highly sought-after medium who has been communicating with spirits for nearly two decades. Fluent in the language of the spirit world, Kim has helped friends, family and clients confront the fears that haunt them most, and embrace the truths that bring increased light, love and understanding into their lives.

The word of Kim's gift spread wide, and she quickly found herself appearing in the A&E hit series "Paranormal State" and "Psychic Kids" as well as Bio Channel's "Celebrity Ghost Stories". These opportunities paved the way for her own series, "The Haunting Of..." which became the #1 series on LMN. Lasting six seasons and nearly 80 episodes, "The Haunting Of..." features Kim week after week taking a celebrity back to the place where they experienced the paranormal.
